WOULD NOT ACCEPT POST --DAMON

Mentioned as Governorship
Possibility, He Definitely
Refuses To Be Con-
sidered

S. M. Damon is not a candidate for
the governorship of Hawaii, and he
definitely refuses to be considered as
such. Nor would he accept the honor
if offered him.

Mr. Damon today set at rest all re-
ports as to his candidacy by the fol-
lowing letter to the Star-Bulletin:

Honolulu, Hawaii, May 31, 1913.
Editor Honolulu Star-Bulletin.

Dear Sir:—I take this opportunity
of calling your attention, and that of
your readers, to a notice which ap-
peared in your paper to the effect that
my name was under consideration for
the important position of governor of
the Territory of Hawaii.

While I appreciate the honor of be-
ing considered in line for the office, I
beg to state that I am not a candi-
date, nor would I accept the position
if offered to me, and I shall be much
obliged if you will bring this state-
ment to the notice of the public.

Thanking you in advance, I am, dear
sir, yours very truly,

S. M. DAMON.

Republicans Will Watch Close-
ly Selection of Administra-
tion of Hawaiian
Governor

By C. S. ALBERT

[Special Star-Bulletin Correspondence]
WASHINGTON, D. C., May 19.—
The governorship controversy is
slowly approaching the acute stage.
Secretary Lane became weary of the
wrangling among the Democratic fac-
tions. He handed all the papers in
the case and sent them over to the
White House, without recommenda-
tion. This does not mean that he will
not have an important say in the
final settlement. It simply presages
that he will patiently wait until Presi-
dent Wilson has mulled over the
various documents and calls upon the
secretary of the interior for an ex-
pression of opinion. Mr. Lane will
then indicate his preference.

The president has been so busy with
the Japanese situation, and other
pending matters that he laid aside
the governorship papers, promising
to take them up at the first conveni-
ent season. The mere fact that he
has them in his possession is con-

JOSEPH PEREZ GUILTY, GIVEN THREE YEARS

Joseph Perez, accused of passing
worthless checks, having acknowl-
edged his guilt, was sentenced to
three years in prison this morning.
He is also wanted in Hilo on the
same charge. Captain Sam Kahana,
of that town, was in the city today,
ready to return Perez to Hilo in event
he was not prosecuted here. It was
learned some time ago that Perez was
wanted in Hilo, and upon his arrest
here Kahana made the trip to Hono-
lulu to bring to prison back with
him for prosecution. Upon being ar-
rested here Perez denied his guilt,
but later when he was shown checks
he had signed, which were declared
worthless, he admitted his guilt.

PEARL HARBOR IS ASSURED A DRYDOCK

Report That Structure Would
Be Abandoned Is Scoffed
by Naval Men

[Special Star-Bulletin Cable]

WASHINGTON, D. C., May 31.—
The navy department is still investi-
gating the Pearl Harbor drydock sit-
uation with a view to the possible
abandonment of the present plans. No
report has yet been made.

C. S. ALBERT.

That there is no chance that the
project for a naval drydock at Pearl
Harbor will be abandoned, is the
opinion of naval officers here who
are in touch with the situation. A
Washington dispatch to the morning
paper to the effect that the California
delegation would make a fight for the
construction of a great drydock at
San Francisco, "following the expected
abandonment of the great works
at Pearl Harbor, Hawaii," is not cred-
ited here, as it is known by all fa-
miliar with local conditions that a
drydock of one kind or another must
be built at the new naval station, to
complete the great Pacific naval base,
the estimated cost of which runs over
\$12,000,000, a large part of which has
already been expended in dredging
and construction work. The work has
gone much too far to be abandoned
at this date, even should it be found
impracticable to construct a graving
drydock. There is always the alterna-
tive of a floating drydock, and there
is no engineering obstacle to the
construction of such a type of ship
basin at Pearl Harbor.

Commenting on the wireless dis-
patch published in the morning paper
to the effect that the navy depart-
ment might decide not to build any
drydock at Pearl harbor, in accordance
with recommendations from Admi-
ral Stanford, Rear Admiral C. B.
T. Moore this morning spoke as fol-
lows to a Star-Bulletin reporter:

"I do not believe that this
statement is correct, because I
do not believe a report has been
made by Admiral Stanford since he
left here that would cause him
to entertain the idea of aban-
doning the building of a drydock
at Pearl Harbor. The report of the
board ordered to investigate the
site has not been received—it
has not been made—and there-
fore it is unlikely that any infor-
mation has reached the navy de-
partment that would cause it to
abandon the project of building a
drydock at Pearl Harbor.

"I venture the opinion that no
matter what may be the report
as to the drydock site and the
practicability of building such a
dock as was designed originally,
that Pearl Harbor will be supplied
with a drydock of some kind as
soon as it is practicable to supply
one.

"When I first arrived at Hono-
lulu I noticed that in connection
with the threatened reduction of
the Mare Island navy yard to the
position of a second class yard,
the president of the chamber of
commerce of San Francisco tele-
graphed to Secretary Daniels sug-
gesting that the scheme of devel-
oping Pearl Harbor be abandoned
and the great drydock of the Pacific
be placed in San Francisco

1300 TROOPS TO ARRIVE ON THOMAS TODAY

Artillery, Signalmen, and Re-
cruits for Oahu Garrison.
Ordnance Expert Comes
To Test

With two companies of coast artil-
lery, a field company of the signal
corps, and nearly 1000 recruits
aboard, the army transport Thomas
is expected to arrive from San Fran-
cisco this afternoon. According to a
wireless received last night at army
headquarters, the troopship will dock
about 6 p. m., and will tie up at the
Richards street wharf.

With the arrival of the Thomas,
the Hawaiian Department will take
another step forward in army im-
provement, as the coast defenses will
be increased to a strength of eight com-
panies of coast artillery, in command
of a colonel. An additional major
and another staff officer will also be
stationed here.

Colonel C. W. Rafferty and Major
F. W. Cee are the two field officers
of the coast artillery corps to arrive.
Captain J. L. Hicks being the staff
officer. He will probably become ar-
tillery engineer.

That the guns and mortars of the
coast defenses are to be tested in
various ways, is indicated by the
presence on the Thomas of Captain
C. W. Waller, ordnance department,
who comes with orders to proof fire
some of the coast defense ordnance,
to make certain carriage tests. Cap-
tain Waller was here a little more
than a year ago, on similar duty, and
at that time experimented with the
mortars at Fort Ruger, firing greater
than service charges.

The 164th company will be station-
ed at Fort Armstrong, and the 143rd
will go to Fort Kamehameha. Com-
pany E, of the signal corps, will camp
at Fort Shafter. Of the recruits 570
are for organizations at Schofield
Barracks and 73 for Fort Shafter.

The Thomas will be dispatched for
the coast as soon as possible, which
will probably be Monday noon.
Many Officers Coming.
Following is the list of officers on
the Thomas: Col. C. W. Rafferty, Maj.
F. W. Cee, Capt. F. W. Philister, 104th
company, Capt. H. J. Hatch, 143d com-
pany, Capt. J. L. Hicks Jr., staff, all
of Coast Artillery Corps; Capt. C. W.
Waller, ordnance department; First
Lieut. J. L. Smith and Second Lieut.
D. N. Swan Jr., 104th company; Second
Lieut. C. W. Jenkins, 143d company;
Col. F. P. Reynolds, M. C., Captain
C. S. Gibbs and First Lieut. R. R.
Love, signal corps; Capt. H. M. Fales.

bay, and it is my opinion that the
importance of this position here
is so great that whether a dozen
drydocks were built on the bor-
ders of San Francisco bay or not,
this station would still be devel-
oped as a base for the Pacific
fleet in the Pacific ocean. This
opinion is merely my opinion and
not based upon any official com-
munication in connection with the
dry dock or any other naval sub-
ject."

Waikiki beach, already turned over
to the young swimming marvel and
to be held in trust for him, the peo-
ple of the islands have signified their
cordial appreciation of Duke's unpar-
alleled achievements last year, when
he swept everything before him in
the short distances races at home and
abroad.

Nearly a year ago, after Duke had
won the world's championship at
Stockholm, there was suggested some
sort of gift for him to show the ap-
preciation of Hawaii both for his
feats and for the modest and trust-
worthy manner in which he bore him-
self on the mainland and in Europe.
The Star-Bulletin then opened a sub-
scription list and donations poured
in from all over the territory. The
fund soon became large enough to
warrant the special committee in
charge in opening negotiations for
the house and lot.

It was not until last week that
these negotiations were closed. On
Wednesday of this week members of
the committee inspected the house
and premises with Duke and a repre-
sentative of the Star-Bulletin, and the
gift was formally made and acknowl-
edged.

The house and the large lot on
which it stands were purchased from
William R. Castle for \$1800. The
house and lot are estimated by real

NAVY SECRETARY TO VISIT COAST

Josephus Daniels Will Make
Himself Acquainted with
Naval Conditions

[By Latest Mail]

SAN FRANCISCO.—Secretary Jo-
sephus Daniels has accepted an in-
vitation recently extended by the
Chamber of Commerce to visit San
Francisco in the near future with a
view of acquainting himself with the
naval needs of the Pacific Coast in
general and San Francisco and vicin-
ity in particular.

Secretary Daniels has written that
he expects to visit the western coast
in July, and at that time it is believed
he will inspect California City, Hun-
ter's Point, Yerba Buena island, the
Oakland water front, Richmond, the
tract between Point Isabel and Flem-
ing Point, and other sites that have
been suggested for the new naval dry-
dockyard at San Francisco bay.

In accepting the invitation Sec-
retary Daniels wrote as follows:

W. T. Seson, President San
Francisco Chamber of Commerce,
San Francisco, Cal.—Dear Sir: I
thank you very much for your let-
ter of May 6th, inviting me on be-
half of the board of directors of
the San Francisco Chamber of
Commerce to visit California, more
especially San Francisco, with the
view of personally acquainting
myself with the facilities of the
Mare Island Navy yard. In reply
I wish to inform you that I ex-
pect to visit the west coast some
time in July, and shall at that
time be very glad to avail myself
of your very kind offer. I shall
communicate with you further
when my trip has been definitely
decided upon. Yours very truly,
JOSEPHUS DANIELS.

REVOLUTION IN CHINA SAID TO BE FLAMING OUT

Chinese Newspaper Gets Sen-
sational Dispatches Indicating
Revolt Already
Widespread

REBELS HAVE ATTACKED ARSENAL AT SHANGHAI

Pitched Battle on Border of
Kangsi and Hupeh Provinces
Reported Imminent—Gov-
ernor of Kwangtung Charged
with Withholding \$700,000
from Yuan's Government

Revolution in the interior of China
has already broken out, according to
dispatches received yesterday and to-
day by the Chinese newspaper Sun
Chung Kwok Bo.

A battle is imminent between sol-
diers of Kangsi province, said to be
adherents of Dr. Sun Yat Sen, and the
forces under the control of Presi-
dent Yuan Shih-Kai.

Already there has been an attack
by revolutionists upon the arsenal at
Shanghai and a resulting loss of life.

According to dispatches this morn-
ing to the Sun Chung Kwok Bo, mem-
bers of the Chinese parliament are
leaving their posts and hastening to
their various homes.

The newspaper's special correspon-
dents are said to have unusual facili-
ties for getting reports from the in-
terior, and until the wireless mes-
sages came from San Francisco yester-
day, relayed after the receipt of
cable dispatches there, no news had
come here indicating that revolt was
actually in progress. The following
dispatches have been received:

(Special to the Sun Chung Kwok Bo.)

PEKING, China, May 29.—Li Tin
Choy has telegraphed to President
Yuan Shih-kai and to Vice President
General Li urging them to dispatch
their troops to prevent the movement
of the rebels, for the best interests of
China.

PEKING, China, May 29.—Senator
Tsa Chi, Nationalist, on account of the
outbreak of May 28 in the south, has
suddenly fled to Tientsin.

PEKING, China, May 28.—The pre-
mier demands of the governor of
Kwangtung an explanation of what he
has done with a contribution of over
\$700,000 made by popular subscription,
which was not sent to the central gov-
ernment. The contributions were
made on account of the fact that at
that time the foreign loan was tied
up. The premier, Chau, asks the gov-
ernor peremptorily where the money
has been deposited.

SHANGHAI, China, May 29.—At 1
o'clock this morning the rebels at-
tacked the arsenal of Shanghai, five
or six of them being killed. Two gov-
ernment soldiers also fell in the result-
ing battle.

SHANGHAI, China, May 30.—The
whole nation is alarmed by wide-
spread rumors that the uprising
against Yuan Shih-Kai is becoming
more active.

It is learned that on the night of
the twenty-eighth, rebels led by
Ching Yu Hing and Lau Yin Wan,
conspiring with the labor leader, Che
Ki Lun, secretly tried to seduce the
guards of the arsenal to side with
them. When they did attack on the
evening of the twenty-eighth, Che Ki
Lun led the rebels, consisting of 300,
with a revolutionary flag, attacked the
arsenal but all were repulsed by a
head of artillery fire. The rebels killed
four soldiers and captured Che Ki
Lun and four others, and on the twenty-
ninth 11 other rebels were captured.
Seven others, arrested by the
French constable, are now held on
trial by the police court of the
French concession. They have refused
to expose their accomplices.

A later dispatch this morning
brought the startling news that the
governor of Kangsi province has dis-
patched troops to the border of Hupeh
province, and that Yuan Shih-Kai has
ordered his troops to be ready to
fight. Kangsi province is said to be
supporting Dr. Sen's cause and the
opposing troops are declared to be
only a few miles apart. Local Chi-
nese say that only four out of twenty-
one provinces will be loyal to Dr.
Sun in the crisis.

MAGUIRE HAS PLEADED GUILTY

(Special Star-Bulletin Wireless.)

HILO, May 31.—Charles K. Maguire,
defaulting county auditor, pleaded
guilty today to the first indictment
against him and sentence will be
passed on June 15. A plea of not
guilty on the second indictment was
withdrawn and no court action taken.

At the close of business yesterday
evening the territorial treasury had
to its credit in the banks and in its
own vaults a total of \$2,596,843.12,
including all funds. The general fund
contained \$791,548.39.

HITCHCOCK UNDER FIRE JUGGLING IS CHARGED

New Postmaster Says Former Department Head manipulated
Books to Show a Surplus—Declares Was Deficit of \$750,-
000 in 1910—Administration Circles Stirred by Sensa-
tion

[Associated Press Cable]

WASHINGTON, D. C., May 31.—What promises to be the biggest sen-
sation of the year in administration circles was started today when the
new Democratic P. M. Gen. A. S. Burleson, openly made charges that
former Postmaster-General Hitchcock had deliberately manipulated the
books of the department to show a surplus when as a matter of fact there
was a grave deficiency in the account.
Burleson charges that in 1911, when Hitchcock's report showed a sur-
plus, there was in reality a deficit of \$750,000.

Roosevelt Scores Victory; Awarded Six-Cents Damages

[Associated Press Cable]

MARQUETTE, Mich., May 31.—Colonel Theodore Roosevelt was to-
day awarded a favorable verdict by a jury in his libel suit against Pub-
lisher Newsett, who had stated in his newspaper that Mr. Roosevelt was
intoxicated when he was delivering a certain speech. Newsett admitted
that his charges were baseless and were founded on hearsay. Colonel
Roosevelt stated that his reason for bringing suit was merely for vindica-
tion and not from a spirit of vengeance. The jury took him at his word
and awarded him six cents.

Great Cornell Runner Hangs Up New Record For The Mile

[Associated Press Cable]

CAMBRIDGE, Mass., May 31.—Though the University of Pennsylv-
ania's well-balanced team won the big intercollegiate track and field meet
on Harvard's field today, the real star of the meet was John Paul Jones,
of Cornell University. The namesake and relative of the great sea fighter
smashed his own world's record for the mile run of 4 minutes 18 2/5 sec-
onds and hung up a new world's amateur record of 4 minutes 14 2/5 sec-
onds. Pennsylvania won the meet with 24 points, Harvard got 21 1/2, Michi-
gan 19, and Cornell 17 1/2.

Anglo-U. S. Treaty Renewed

[Associated Press Cable]

WASHINGTON, D. C., May 31.—Secretary of State Bryan and the Brit-
ish ambassador, Sir Cecil Spring-Rice, today renewed for five years the gen-
eral arbitration treaty between Great Britain and the United States. The
renewal will be sent to the senate.

Stanford Wins In Japan

TOKIO, Japan, May 31.—Stanford University's visiting ball-team today
took a double-header from Maffi University by the same score in each
game, 1 to 0. Both were hard fought.

American Polo Crack Hurt

[Associated Press Cable]

MEADOWBROOK, L. I., May 31.—Devereaux Milburn, the noted
American polo player and member of the team that will meet the British
challengers, was seriously hurt today in practice when he was thrown
and rolled on by the pony which he was riding. The pony, rising, trampled
on Milburn's chest and kicked him in the head. His condition this after-
noon is serious.

LACK OF FUNDS LUCKY FOR FILIPINO

Because the territory has not suf-
ficient funds for that particular
purpose no extradition is to be issued
for the return of Guillermo Largo, the
Filipino who sailed several days ago
on the Siberia and against whom
four criminal charges have been pre-
ferred by other Filipinos here. The
charges accuse him of carrying away
cash and clothes worth approximately
\$80. The attorney general was ap-
prized this morning by wireless that
Largo is aboard the Siberia, but says
the funds on hand for criminal proce-
dure of that character are not suf-
ficient to cover the expense of bring-
ing him back.

As far as the territorial authorities
are concerned, therefore, Largo will
remain a free man on the mainland,
though it will hardly be healthy for
him ever to return to the islands.

MOTORCYCLISTS ARE INJURED IN SPILL

O. P. Soares and Archie E. Kabele
returned to Honolulu last evening
from a motorcycle trip around the is-
land, badly damaged as the result of
a spill on the road between Papale
and Kalahele, the blame for which
they lay to the bad condition of the
roads. Each was wearing a consider-
able amount of bandages and court
plaster as an aftermath of the acci-
dent.

Together with I. Andrews, the in-
jured men made an early start yester-
day morning and came to grief
shortly before reaching the pineapple
canery at Wailua. All of the motor-
cyclists stated that the condition of
the road in that section is frightful
and in no condition for motorcycle
travel.

Kabele is a local real estate agent
and was formerly a school teacher.
While Soares is an attaché of the
day for Seattle and other coast cities.
